DUNWOODY, GA 30338

Improving healthcare possibilities for teens and adults with developmental disabilities

Dear Friends and Sponsors:

ADMH, a 501(c)(3) nonprofit organization, provides individuals with developmental and intellectual disabilities and their families with medical, psychosocial, behavioral, and functional healthcare services through our interdisciplinary team of professionals. The ADMH team meets immediate needs, but also supports long term planning for a full, healthy, and independent life.

We need YOUR help to ensure that these medical services, which may not be covered under private insurance, Medicaid or Medicare, continue and expand to support more individuals. Our wait list is six months long!

Due to the COVID 19 pandemic, we have added special vaccine clinics specifically designed to accommodate adults with disabilities and their caregivers. We have added telemedicine evaluations to accommodate the needs of patients and families. You will help us continue to grow and build an even greater, more accessible program of comprehensive health and related services for teens and adults with disabilities.

Sponsors receive

- Valuable promotion
 - Before, during, and after the event through ADMH social media channels
 - On the ADMH and Run for Health event websites
 - On the Run for Health T-Shirts
 - In promotional and marketing pieces, including press releases and media coverage
- Digital commercial spots on ADMH social media channels to connect you directly with our thousands of participants, families, and supporters
- Free race registrations
- Opportunity to place information or gifts in our Swag Bags

We value our partnership with you and are very thankful for your sponsorship! Our teens, men, and women with developmental disabilities thank you for making them a priority!

Sincerely,

Adult Disability Medical Healthcare Team
